### A Theory Of Socialism And

Here is Hans Hoppe's first treatise in English - actually his first book in English - and the one that put him on the map as a social thinker and economist to watch. He argued that there are only two possible archetypes in economic affairs: socialism and capitalism. All systems are combinations of those two types.

### A Theory of Socialism and Capitalism: Economics, Politics ...

It is my hope that \_A Theory of Socialism and Capitalism\_ comes back into print as soon as possible. It is simply one of the most important books on political economy ever written, and I think other reviewers have understated the importance of Hoppe's "argumentation ethics" as the ultimate defense of capitalism.

### Amazon.com: A Theory of Socialism and Capitalism ...

The consequences of socialism vary based on their degree and kind, but they have similarities: high costs, resource waste, low growth. This treatise has long been out of print, but is now available again for use in comparative-systems classes and for an orientation to the theory of economic systems.
