Hi All, Good News. This is a follow up to my previous post above. Even though my 60V500A is six months out of warranty, I was informed by Hitachi that they will replace the light engine at no cost to me. I think that they realize that there is a definate problem with their light engine design/manufacturing process.

The same thing happened to me too. My Hitachi 50VF820 LCD Projection is only 2.5 years old and the light/color engine is going out. In 2.5 years I've changed the lamp (\$250), the remote quit working one week after the warranty went out, and now the light engine is going bad. I hear the repair for the light engine is at least \$700+.

The light engine replaced 5/08 under extended warranty. That warranty expired. The light engine has gone bad again. Blue blob and blue streaking. Tech people won't stand behind their repair because its over 90 days. Hitachi service says its too old. 5/04 purchase. I told the HIT guy I'd be calling back until they would replace the light engine.
