Rural poverty is often unseen or misperceived by outsiders. Dr Chambers contends that researchers, scientists, administrators and fieldworkers rarely appreciate the richness and validity of rural people's knowledge or the hidden nature of rural poverty. This is a challenging book for all concerned with rural development, as practitioners, academics, students or researchers.

and spread of the approaches and methods of participatory rural appraisal. He is author of Rural Development: Putting the Last First, Longman, Harlow, 1983.

LIVELIHOODS Poverty and livelihoods: whose reality counts?

In this sequel to Rural Development: Putting the last first Robert Chambers argues that central issues in development have been overlooked, and that many past errors have flowed from domination by those with power. Through analysing experience - of past mistakes and myths, and of the continuing methodological revolution of PRA (participatory rural appraisal) - the author points towards solutions.
