[EPUB] Maths Paper 2 Grade 12 March 2012

What's more Thanksgiving than turkey and football? What about Turkeys playing football! Turkey Touchdown is a great way for kids to celebrate the holiday and practice their math facts. Choose from addition, subtraction, multiplication, or division. Get 5 math problems correct in a row to kick a field goal.

Turkey Touchdown • ABCya!

Subtraction is taught after the student develops a basic understanding of addition. There is a strong link between addition and subtraction. Subtraction can be performed to find out how much should be added to the smaller number to get the larger number. The equation $6 - 4 = 2$ can also be written as $4 + 2 = 6$.

Subtraction Games for Kids Online - SplashLearn

Computations are easier using TouchMath because all basic operations are based on counting. In TouchMath addition, students count forward. In subtraction, they count backward. In multiplication and division, they count in sequences. Students touch, count and repeat each problem and answer aloud to reinforce fact mastery.
